HELD AT LEXINGTON

Annual State Convention of the Christian Endeavors Society This Week.

The annual State Convention of the Christian Endeavor Societies of Kentucky will be held this year at Lexington, from May 5 to 7. Plans have been completed for making this the largest convention in point of attendance ever held in Kentucky, and almost every society in the State will have representatives present.

Many prominent religious leaders of Kentucky and other states are among the speakers. Louisville is represented on the program by the Rev. Dr. Aquilla Webb, pastor of the Warren Memorial Presbyterian church and by Charles Anderson, treasurer of the State organization. Other noted speakers who will make addresses are the Rev. Dr. W. A. Ganfield, president of Centre College, Danville; the Rev. Dr. Fortune, president of Transylvania College, Lexington; the Rev. H. W. Carpenter, of Shelbyville, president of the State Christian Endeavor Union; the Rev. Dr. C. B. Boving, of Bowling Green; Charles F. Evans, Christian Endeavor field secretary of Kentucky; Miss Mildred Haggard, of Minneapolis, Minn., national junior superintendent; E. P. Gates, field secretary of Illinois, and the Rev. D. G. Barnhouse, of California. The music of the convention will be conducted by Prof. Hackleman, of Indianapolis.

YOUNG COUPLE ARE MARRIED

Miss Lila Mae Harper Becomes the Bride of Dr. Paul K. McKenna This Morning.

Miss Lila Mae Harper and Dr. Paul King McKenna were quietly married at the Harper residence on North Maysville street Tuesday morning at nine o'clock, Rev. J. S. Wilson officiating. Only a few relatives were present to witness the ceremony, after which the happy couple left for a few days' bridal trip to Cincinnati, and upon their return will make their home at the Harper residence on Maysville street.

Miss Harper, who is a daughter of the late Jephtha Harper, is a charming and attractive young lady and will make the man of her choice a helpmate of whom he may well be proud.

Dr. McKenna is one of our most prominent physicians with a wide circle of friends.

The Advocate joins their hosts of friends in tendering congratulations and best wishes.

BATH COUPLE WED HERE

Mr. George Goodpaster and Miss Maria Purvis, both of Bath county, were married at the Baptist parsonage last Saturday by Rev. J. S. Wilson. Both are well known young people of that county and have many friends who will be interested in this announcement.

PASSED TO HIS REWARD

Dr. Edward O. Guerrant, One of Kentucky's Most Beloved Sons, Died Suddenly.

Friends and admirers all over Kentucky were grieved to learn that Dr. Edward O. Guerrant, soldier, physician, minister and philanthropist had died suddenly at Douglas, Ga., Wednesday while on his way home to Kentucky from Florida where he had spent the winter.

Dr. Guerrant was born in Bath county seventy-eight years ago. He was a young man when the war broke out between the North and South and he enlisted as a private in a home regiment, commanded alternately by Humphrey Marshall, "Cerro Gordo Williams" and Gilder Cosby. For conspicuous bravery he was promoted several times, finally attaining the rank of Adjutant General. At the conclusion of hostilities he went to Wilmore to live.

In 1865, with "nothing but one gray jacket," as he said, he went to Philadelphia and from there to New York to continue the study of medicine. He studied hard and came back home and soon won a thriving practice. He purchased Belvoir in 1886 after being ordained as a minister.

Dr. Guerrant was the idol of the people of the mountains, because, he fought with them in the Southern ranks. Realizing that the residents of the mountains had little, if any, opportunity to be enlightened on the doctrine of Christianity, he worked hard to teach them. In his new relationship with the residents, he established many schools in Eastern Kentucky, particularly in Estill, Letcher, Powell, Breathitt and Perry counties. He was directly interested in these schools until ill health forced him to rest.

Everybody in Wilmore and the surrounding countryside referred to the town as "Guerrantville." Dr. Guerrant maintained his office at Wilmore and despite his advanced age pursued his work with remarkable vigor. His drawing room and office at Wilmore are littered with relics of the war and manuscripts and pictures of famous authors. He rose each morning at 4, began work immediately and breakfasted with his family at 6. At 9 p. m. he retired. He refused to alter these hours until his health began to fail.

Dr. Guerrant knew intimately many hundreds of Kentuckians in widely separated counties as well as his native one. He established a winter home in Lake county, Florida, where each winter, he went to live. He made a fortune during his lifetime and out of his own personal fund had aided churches, schools and institutions. He lived in this city for many years and was greatly beloved by all who knew him.

Dr. Guerrant's wish that his death might occur amid the moun-

MILLION WANTED NEXT SUNDAY

Sunday, May 7th. Will Be Go-To-Sunday School Day All Over Kentucky.

Sunday will be "Go-To-Sunday School Day" in Kentucky and it is an annual affair which has grown in popularity since its institution in 1914 by the Kentucky Sunday School Association.

The Sunday Schools of Mt. Sterling will extend special invitations to young and old, who are not regular attendants at the Sunday School sessions, to attend in order to keep in touch with the growth and development of Sunday School work.

On the first observance of the day, the attendance in the State was doubled, being increased from 300,000 to 600,000. Last year the mark was set at a million and so complete was the organization of the workers in the cities and towns that the number was reached, and a new and vigorous interest in Sunday School work was developed which promises to make May 7th of this year one of the greatest days that the Kentucky Sunday Schools have ever seen.

The Kentucky Sunday School Association has prepared a special program for the guidance of Sunday School leaders and copies will be sent free to schools desiring them.

As a result of the "Go-To-Sunday School" movement fifty thousand permanent additional students were enrolled last year, and the observation of the day has had a stimulating effect in awakening interest in active church and Sunday School work among church members who had been comparatively indifferent.

"To secure one million people in the Sunday Schools of Kentucky on May 7th will mean that every member of the Sunday Schools must be present that day and bring somebody else. If you attended last year as a visitor, you will want to again this year. If you haven't been to Sunday School for years, this will be a good time for you to come and see what is being done in the Sunday School. In most schools you will find many changes, many improvements. You will be sure of a cordial welcome."

tains of his beloved Highland home, was denied him. Burial took place in the Lexington cemetery.

He is survived by his wife, who was with him at the time of his death; four daughters, Mrs. C. L. Patterson, of Douglas, Ga.; Mrs. P. D. Guerrant, of Los Angeles, Cal.; Mrs. P. D. Lilly, of Nashville, Tenn.; Mrs. Norman E. Green, of Lexington, and five sons, Dr. E. P. Guerrant, of Winchester; J. D. Guerrant, of Wilmore; Russell T. Guerrant, of Chicago; William and M. H. Guerrant, of Louisville.

REBELLION IS CRUSHED

Sinn Fein Party Start Rebellion Against Great Britain at Dublin, Ireland.

The Sinn Fein party started a rebellion against the rule of Great Britain last week. The post office building at Dublin was destroyed by fire and many people killed. The British government immediately declared martial law and troops were hurried to Dublin to suppress the rebellion. It is reported that the German government who furnished the funds for the leaders.

From the latest reports the rebellion has been quelled but only after a large number were killed and valuable property destroyed. The Irish leaders and sympathizers in the House of Parliament were not in sympathy with the movement.

M'FADDEN-HOLLAND

Mr. Thomas Holland and Miss Nancy McFadden were married Monday evening by Rev. Father E. B. Rohrer. The wedding was quite a surprise to the many friends of the happy couple. Miss McFadden is a handsome and popular woman while Mr. Holland, who is street commissioner of this city, has a large number of friends. The Advocate extends best wishes for a long and happy life.

The Mt. Sterling High School team defeated the Frankfort High School boys in this city Friday afternoon by the score of 14 to 6. The locals put up a fine game.

OUTLOOK IS FAVORABLE

Severance of Relations With Germany is Not Believed to Be Probable.

From the latest dispatches received it is said that further relations with Germany can be looked forward to with less apprehension. The Associated Press has been permitted to make this statement, although dispatches on the nature of the German reply to the American note respecting submarine warfare have been stopped by censorship.

Embassador Gerard was received by Emperor William and has returned to Berlin but as yet the result of the deliberations have not been made public.

MRS. C. D. MANSFIELD DIES

Mrs. C. D. Mansfield died early Sunday morning at her home in Stanton. She had been in bad health for a long time, and recently developed pneumonia, which was the direct cause of her death. She is survived by her husband, Dr. Mansfield; one daughter, Miss Margaret Mansfield, 17 years old, and one son, William Mansfield, 12 years old, her father, John W. Williams, of Stanton; a brother, Henry Williams, and three sisters, Mrs. Georgia Williams and Mrs. S. K. Baird, of Clark county, and Mrs. G. T. Landers, of Texas. Mrs. Mansfield was well known in this city and county.

"GO-TO-SUNDAY-SCHOOL DAY"

Sunday, May 7th, is set apart by the State Sunday School Association as "Go-to-Sunday-School Day." "Go-to-Sunday-School Day" was established and is being promoted for the benefit of your Sunday-school. This is above all others the time of the whole year when the Sunday School people of our state are working together for "A GREATER AND A BETTER KENTUCKY." Last year the million mark was reached. This success is a challenge for greater achievement this year. Our goal now is: "The one million with the Sunday-school habit." This is a large undertaking, but with the help of every Sunday school and church member taking an active part in every county, the goal can be reached. Certainly every Sunday school and church member has interest enough to take a little time from their regular duties and invite some one to the Sunday school. Won't you do it for the sake of your Sunday school and your church, and most of all, for the sake of the manhood and womanhood of our county and state? Organize your committees next Sunday, get them to work at once and try to have every member of your church and those who are out of the church and Sunday school in your Sunday school May 7th, and make the Sunday school so attractive and helpful they will want to become regular members and come every Sunday.

GO-TO-SUNDAY-SCHOOL

PROCLAMATION

"Pursuant to the custom of the Sunday-schools of Kentucky to observe annually a special 'Go-to-Sunday-School Day,' at which time all persons are invited to visit the Sunday-schools for the purpose of stimulating attendance at places of public worship and of encouraging the teachers in the work of imparting divine truth to the children of the state and training them for higher and better citizenship;

"I, A. O. Stanley, Governor of the Commonwealth of Kentucky, take this occasion to proclaim to all persons within the Commonwealth that Sunday, May 7th, has been especially set apart as the 'Go-to-Sunday-School Day' for the ensuing year."

"In testimony whereof I have caused letters to be made patent and the seal of the Commonwealth to be hereunto affixed. Done at Frankfort, April 15th, in the Year of Our Lord, one thousand, nine hundred and sixteen, and in the 124th year of the Commonwealth."

WORK AS A CURE

When hearts are broken and friends fail, this active stirring world of ours makes room for us all to go to work and forget our troubles. If it were not for something to do and the chance to do it, what would become of the mother when her baby dies? Do you think she would ever recover from such an anguish if she found nothing to do but to clasp the empty cradle and fondle the unused garments? Be taken up by doing then, Oh, broken hearted children of our common parent, sorrow. So shall the heart heal and the balm be yielded. Work will keep off pity's pension list and maintain in your bosom the soul of a steadfast soldier rather than that of a whimperer and a craven. Thank the destiny that sends you many tasks for prompt fulfillment and many perplexing things for wise adjustment, otherwise you would never forget the wound that throbs with fresh pain whenever night comes and the duties of the day are hushed to rest.

THERE ARE FAMILIES

IN HIS FIX

The other day I heard one negro say to another:

"How are you?"

"Oh, I'm kind o' one-sided—jes' kind o' one-sided," was the reply.

I thought to myself, "That man doesn't know it, but he is uttering a profound remark. That is what is the matter with nearly all of us. We're 'jes' kind o' one-sided.'"—Woodford Sun.

CLEAN UP

The local papers everywhere are calling upon the citizens of their respective towns to clean up and paint 'up. A good suggestion and one that is often made by persons themselves who do not heed their own advice. But now in reality let us all clean up, paint up and white-wash up.

There are many happy homes, thank God, in every community, and when they exist there goes out from them a blessed influence which can hardly be over-estimated. "A real home with a mother in it," whose hospitable doors are ever open to those not so blessed, is a wonderful power for good.

When work is a pleasure we all feel rich.

World's Champion Show Horse in light harness, winner of three prizes at National Horse Show, Madison Square Garden, New York, including the Grand Championship.

Son of Bingen 2:06 1/4, sire of Uhlan 1:58, world's champion trotter, dam Santos, dam of 7 trotters by seven different sires including Peter the Great (4) 2:07 1/4, the world's champion sire of Futurity Winners and of 2:10 trotters and J. Malcolm Forbes (4) 2:08, the world's champion sire of yearlings and world's champion 5, 6, 7 and 8-year-old sire. He is coming nine and in other words, he is champion sire as far as he has gone.

J. Malcolm Forbes (4) 2:08, is a very handsome brown horse, foaled July 7, 1907, stands 15.3 hands and weighs 1,140 pounds. Will make the season at the Fair Grounds in Mt. Sterling, Ky., at

Further comment upon his breeding is superfluous as he is one of the greatest bred horses in the world.

Mainleaf's Racing Career

Mainleaf (2) 2:23, champion two-year-old colt of 1910 over half mile track. Mainleaf finished fourth to Necia at Detroit in 2:14 1/4, 2:13 1/4 and 2:14 1/2, at that time the fastest three consecutive heats that had ever been trotted by a two-year-old. Mainleaf finished second in each heat to Justice Brook in the Kentucky Futurity in 2:11 1/2 and 2:09 1/2, which was then the world's record for two-year-old stallions. Mainleaf finished second to Silent Brigade in the Lexington States in 2:10 3/4 and 2:10 3/4, which was the first time a two-year-old ever trotted two winning heats better than 2:11, which was another world's record.

In his three-year-old form he trotted a sensational race at Detroit which was won by Miss Stokes in 2:08 1/2, 2:08 3/4 and 2:09 3/4, Mainleaf winning the second heat, but the judges credited it to Miss Stokes. This race being the fastest three-year-old race ever trotted in the month of August. The next start was at Indianapolis in the Western Horseman Stake, where he defeated Miss Stokes and others in as brilliant a contest as was ever witnessed on a race track, time 2:11 1/4, 2:09 1/2 and 2:09 1/4. He was a money winner at Detroit in the Matron Stake, he was a heat winner in the Horse Review Stake at Columbus and in the Kentucky Futurity he was a double heat winner and all things considered, trotted the greatest race a colt ever trotted in the world. The time was 2:08 1/4, 2:08 1/2, 2:08 3/4, 2:07 1/2, 2:11 1/4, 2:10 3/4, which was the world's fastest six heat race for three-year-olds at that time. He also won third money in the Stallion Stake at Lexington, in other words, Mainleaf has been a contender in every race and every heat he ever trotted, and I believe if a vote were taken on the gamest trotting colt that ever raced, Mainleaf would be a winner.

Mainleaf will make the season of 1916 at the Fair Grounds, Mt. Sterling, Ky., at the very low fee of \$25.00 to insure a living foal. Never before has a horse of Mainleaf's class stood at so low a fee, but realizing that a horse must have a large number of foals to be a great sire, I have made the fee at the above named price in order that any one may have an opportunity to breed to him. HIGH PRICES AND

LOST PENNIES

In these days of high prices and expensive living it behooves us to guard the pennies with a far-seeing eye.

Bad pennies sometimes return, but good ones seldom do.

It therefore becomes our duty, when we part with a good penny, to secure the greatest possible returns for it. Lost pennies soon mount into dollars, and the vanishing dollar blazes the way to poverty and eventual nowhere.

You can save the pennies and retain the dollars if you will read carefully each week the advertisements in this paper. They will tell you at which stores you can get the best bargains, where quality is of the best and price is at the minimum, where your true interests lie when you go out to spend the money that comes to you from hours of heavy and unceasing toil.

None of us may hope to save all that we earn, for we must live, and it takes money these days to even exist.

We must spend a good portion of our earnings, often all of them, and the judgment and care we use in that expenditure will determine in a considerable measure the enjoyment and pleasures of life.

If we buy at haphazard we too frequently pay dearly for our indifference and lack of economical foresight, whereas if we are prudent and assimilate the knowledge that is laid before us we at least have the satisfaction of knowing that we have done the best that we could do under existing circumstances.

Again we suggest, and emphasize, that the wise and prudent course to pursue is to read carefully each week the advertisements in this paper. Read them all, every one of them, for in little places big bargains are often found.

High prices are here, and we as a community can not prevent what a whole nation must endure. But we can, and should, prevent the unnecessary loss of pennies through commercial indifference and neglect.

This is not a day of philanthropy, and merchants are not advertising for the sake of handing their money over to the publisher. They are doing it because they have the goods and make the prices to back up their advertisements, and it is to the financial interest of the consumer to dissect every advertisement and take advantage of every opportunity thus afforded.

The expense of reading an ad is nothing but a little time when not otherwise engaged. The savings may run into dollars.

SPLENDID MUSICAL RECITAL

The recital given by Mr. Wallace Tuttle, baritone, and Mrs. Nevill Moberly, accompanist, at the Christian church last week proved to be one of the most enjoyable musical events of the season. Mr. Tuttle has a rich voice of remarkable versatility which shows to advantage in concert work. His program had not only classical songs for the trained musicians, but also tuneful, catchy ballads for the average music lover. He caught the attention of the audience at the very start and held it to the finish. Everybody who heard him Tuesday night hopes that Mr. Tuttle may come again. Mrs. Moberly is one of the very best accompanists we have ever heard. Her work at the piano was par excellence and was a large element in a delightful evening's entertainment.

Of all places on earth, home is the most delicate and sensitive. Its chords move with a breath; its fires are kindled with a spark; its flowers are bruised with the least rudeness. Here our hearts wear no covering, no armor. Every arrow strikes them, every cold wave blows full upon them. If we would have a true home, we must guard well our thoughts and actions.

BUSINESS PROSPERITY

The story of the economic revolution being brought about in American business and industry under President Wilson is again strikingly shown by the figures on imports and export for February as issued by the Bureau of Foreign and Domestic Commerce of the Department of Commerce.

The imports of crude materials for use in manufacturing amount to \$899,000,000 as contrasted with exports of crude materials for further use in manufacturing amounting to about \$59,000,000. For the eight months of the fiscal year ending in February, these same figures respectively are \$549,000,000 for imports and \$345,000,000 for exports. During the same eight months of the year before the figures were \$336,000,000 for imports and \$329,000,000 for exports. The exports of crude materials are relatively smaller and the imports of raw products materials that are turned into articles of higher grade in the factories of the United States have increased very greatly.

The imports of manufactures for further use in manufacturing were \$30,000,000 in February and the exports \$59,000,000. For the eight months period the imports of manufactures for further use in manufacturing were \$203,000,000 and the exports \$377,000,000. These same figures for the eight months of the year before were \$157,000,000 for imports and \$208,000,000 for exports.

All of which is the smallest part of the story. The imports of manufactures ready for consumption in February were \$26,000,000 and the exports of completed articles were \$179,000,000. For the eight months these imports were \$196,000,000 and exports of the finished products \$1,122,000,000. For the same eight months of the fiscal year 1915 the imports of completed manufactures amounted to \$243,090,000 and the exports to \$429,000,000.

The bulk of the imports of crude materials consists of commodities not produced in this country, such as rubber, etc. The United States is now the workshop of the world. That's why the country is enjoying its unexampled prosperity.

WINCHESTER COUPLE TO WED

Mr. and Mrs. Richard N. Ratliff, of Winchester, have announced the engagement of their daughter, Miss Jennie Judy Ratliff, to Mr. James H. French, also of Winchester. The wedding will be solemnized in June. The announcement will be learned here with much interest. Both young people are well known and popular in Blue Grass social circles and have frequently visited in this city. Miss Ratliff is one of Clark county's most charming and popular young girls. She has many relatives in this county. Mr. French is a son of the late Rev. Richard French, of Winchester, and holds an important position with the Winchester Bank.

Let us take time to get acquainted with our families. The wealth you are accumulating may be a doubtful blessing to the son who is a stranger to you. Your beautifully kept house, busy mother, can never be a home to the daughter whom you have no time to caress.

The wise man transacts his business and gets out. The fool moves only when kicked.

WILL GO TO PANAMA

Mr. Johnson Young, of this city, has accepted a position with the United Fruit Co., in Boscos Del Toro, Panama, and will leave shortly to assume his new duties. Mr. Young has held a position in Panama before and says that he likes the country fine. His many friends wish for him abundant success in the tropics.

Life's a Game

Life's a game, and we are all players in it, to paraphrase Shakespeare. And the best two cards in any hand are illustrated below—

First, the PAY ENVELOPE—Second, the BANK BOOK

Without the pay envelope there can be no bank book. Without the bank book the pay envelope is robbed of its FULL VALUE. The BANK BOOK is the logical, sensible supplement of the PAY ENVELOPE. Do You Hold These Winning Cards?

C. O. Moberley, etc.,Def'ts.

Notice of Sale in Equity.

By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the April Term, 1916, thereof, in the above cause, the undersigned will, on the

15th Day of May, 1916

at one o'clock, p. m., or thereabout, (being Court Day), proceed to offer for sale, at Public Auction, to the highest bidder, on a credit of six and twelve months, at the Court-house door, in Mt. Sterling, Ky., the property mentioned in the judgment, to-wit:

A certain house and lot of ground on the south side of High street, in Mt. Sterling, Ky., and bounded as follows:

Beginning at a point at the S. E. intersection of High and Sycamore streets; thence along the south side of High street eastward about one hundred and eighteen and one-half feet (118½) to the line of A. M. Bourne (formerly Guerrant); thence with Bourne's line southward seventy-five feet and nine inches (75 feet, 9 inches) to the line of Ed. William (formerly J. B. Taulbee); thence with his line westward one hundred and twenty-two feet eight inches (122 feet 8 inches) to William's corner on the east side of Sycamore street; thence with the east side of Sycamore street seventy-three feet 8½ inches to the beginning; being the same property conveyed by J. W. Haydon, etc., to Mrs. Eliza B. Moberley, etc., by deed of date the 14th day of June, 1907, and now duly of record in Deed Book 22, at page 586 in the Montgomery County Court Clerk's office, but the said property is subject to a right of passway 10 feet in width extending from High street along the eastern line of the said lot to the lot now owned by Ed. L. William.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a Replevin Bond, bearing legal interest from the day of sale, according to law.

Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid.

Bond payable to the undersigned Commissioner.

WM. A. SAMUELS,
43-3t Master Commissioner M. C. C.

We heartily approve of the short skirt. It is unmistakably sanitary and remarkably refreshing to the masculine eye.

Notice of Sale in Equity.

By virtue of a judgment and order of sale of the Montgomery Circuit Court, rendered at the April Term, 1916 thereof in the above styled cause, the undersigned will, on the

15th Day of May, 1916,

at one o'clock p. m., or thereabout, (being Court Day), proceed to offer for sale at public auction to the highest bidder on a credit of six and twelve months, at the Court-house door in Mt. Sterling, Kentucky, the property mentioned in the judgment, to-wit:

Two lots of land lying in the city of Mt. Sterling, Montgomery county, Kentucky, described as follows:

First lot—Lying on the south side of West High street, fronting 127 to 130 feet on said street, and having a depth of 350 feet or more, bounded on the north by said street; on the east by the lot of Henry Maher; on the south by that of Richard Reid Rogers and on the west by that of A. W. Stofer and wife.

I will first offer the eastern half of said lot for sale, and if it does not bring enough to satisfy this judgment, I will then offer the western half, and if it does not bring enough to satisfy the judgment, I will then offer the lot as a whole, and will accept the bid or bids realizing the most money. Each of said lots will be about 64 or 65 feet wide along High street and 350 or more feet deep.

Second lot—Lying on the south side of Holt avenue, beginning at a point in the south margin of said street, corner with Mrs. Anne Barrow; thence with said margin of said street 65 feet to a corner with T. M. Ricketts; thence leaving the street and with said Ricketts' line 260 feet to Mrs. J. L. Mark's line; thence with her line 65 feet to the corner of said Barrow's lot; thence with the line of same 260 feet to the beginning, subject to the reservations for an alley along the rear of this lot as heretofore provided by deed, or sufficient of said property to produce \$1822.64, the amount of the debt, interest and costs, so ordered to be made.

The purchaser will be required to give bond, with approved security, for the payment of the purchase money, to have the force and effect of a replevin bond, bearing legal interest from the day of sale, according to law. Bidders will be prepared to comply with these terms. A lien will be retained on the land sold till all the purchase money is paid.

Bonds payable to plaintiff to extent of debt, interest and cost, and for any excess, to defendant.

ANNOUNCEMENTS

We are authorized to announce the following gentlemen as Democratic candidates for Congress in this, the Ninth District, at the State primary, August 5th, 1916:

HON. W. J. FIELDS, OF CARTER COUNTY
HON. J. W. RILEY, OF ROWAN COUNTY
HON. J. B. HILES, OF BRACKEN COUNTY

SENATOR J. B. HILES

The above is an excellent likeness of Hon. J. B. Hiles, of Bracken county, who authorizes us to announce his candidacy for the Democratic nomination for Congress, in this, the Ninth Congressional District, at the coming State primary, August 5, 1916.

Mr. Hiles was born in Bracken county, was raised on a farm, educated in common schools, the Ripley (Ohio) High School and National Normal University, Lebanon, Ohio. He is single, member of the M. E. Church South, a Mason and Odd Fellow. He began his political career as County Assessor of Bracken county in 1885; was appointed a postal clerk on Cincinnati Southern R. R. in 1886; was promoted and detailed to office of Superintendent Fifth Division Railway Mail Service at Cincinnati and remained in that office, assisting in directing the service from 1886 to 1889; returned to Bracken county and re-engaged in general merchandise and leaf tobacco business; was elected to Legislature in 1893, serving two terms, and in 1913 carried the twenty-sixth senatorial district by the largest majority ever given in the district.

Senator Hiles is at present cashier of the Foster Banking Company, a business man of wide experience and if nominated and elected will make an acceptable member of Congress. We therefore submit his claims and ask for their careful consideration at the hands of his fellow-Democrats.

While we have the greatest respect for individual rights, the erection of an unrightly bill board on the side of the Julian building, corner Main and Maysville streets, seems to us to be thoroughly inexcusable from every standpoint. If the city authorities have the right and we think they undoubtedly have, to force the removal of such an eye sore as this and at the same time teach a good lesson in civic pride, we have never known of a better time to start than now.

WILL TREAT EMPLOYEES

The Overland Automobile Co., of Toledo, O., has made arrangements to lease Barnum & Bailey's circus for three days and will entertain their employees and families. Everything will be free even the red lemonade and peanuts. The entertainment will cost the company \$20,000. This is the first time in the history of that great show that no tickets will be sold for the performances.

MEXICAN SITUATION SERIOUS.

Although General Scott and Funston, representing the United States have had a conference with General Obregon of the Mexican government, as yet no agreement has been reached regarding the withdrawal of the United States soldiers from Mexico. Our government will not withdraw the troops until convinced that the Carranza government is able and willing to disburse the Villa bands. The situation remains very grave.

HARMONY DINNER

Local Stockmen and Their Guests Have a Great Time.

As a guest of McCampbell, Figg & Burnett, livestock commission merchants, Louisville, Kentucky, we were invited to attend the Harmony Dinner given by the local stockmen on the 25th of April, in the Live Stock Exchange Building of the Bourbon Stock Yards. We were glad to be there. It was a function worthy of remembrance. The gathering consisted of local stockmen, railroad representatives, packers, butchers, newspaper men, telegraph companies' officials and visitors from other cities. They discussed matters looking forward to a greater Louisville along lines pertaining to their business, the subject being disposed of under the heads of "The Spirit of 1916," "Greater Possibilities," "Patronize Home Market," "Just Over the River," "Transportation," "We Can, We Will in Louisville," "United We Stand, Divided We Fall," Kentucky's Show Window," "Cooperation," and "A Long Pull, a Strong Pull and a Pull Altogether." The toastmaster, W. A. Burnett, who acquitted himself with distinction, was a son of one of the first instructors of this press representative. The dinner was elegantly prepared and was delicious.

What we gathered from the talk was this: Louisville people are looking forward to the establishing of large packing houses, making that city the largest live stock market in the country. Each year has shown a business increase, reaching to this date a \$25,000,000 business annually.

What we gathered worthwhile to Mt. Sterling and Eastern and Central Kentucky were: To accommodate the traveling business public we must have better hotel accommodations, we must possess a more harmonious co-operative spirit, we must be the better prepared to take care of our live stock business with modern stock yards. Stockmen and every citizen should be interested to their capacity limits.

There was a time when the Louisville live stock market did not aggregate as much as that of Mt. Sterling, and to this, one of the early live stock men of Louisville, who was present at this harmony meeting, Mr. Bell, could have testified. Mt. Sterling has an opportunity for advancement now. Our business men should catch a progressive vision, they should plan, they should be leaders in the execution of well formulated plans. Our markets are largely of unsaid natural growth and are now ready for home industries. Are we ready for the progressive spirit now at our doors? If not, then give way to those with anxiety, nerve and will-power. We are not in need of hindrances—it is pluck and enterprise.

Business Men's Club, adjust your thinking caps—fall in line with this period of prosperity and progress—profit from Louisville's experiences and may the motto be "Go Forward."

WITH THE MOVERS

Mr. and Mrs. Walter Turner have moved to the property vacated by Mr. and Mrs. Steve Pieratt, on East Main street.

Mr. and Mrs. Steve Pieratt have moved into their residence on West High street recently purchased from Mr. and Mrs. G. B. Senff.

Mr. and Mrs. G. B. Senff have moved to the Wyatt property on Sycamore street while they are erecting a residence on North Maysville street.

Notice!

Until further notice I will be out of my office on Tuesdays and Wednesdays.
Dr. J. L. McClung.

NOT A FISH STORY

The following story was told to us last week by a gentleman in whom we have the utmost confidence, and who said he witnessed what he told the writer.

A blue jay picked up a long string on the corner of High street and Howard avenue close to where the new Baptist church is being erected and flew with it into a nearby tree, the string caught on the branches and in turning and twisting around a large noose was formed but the string became so entangled that the jay was unable to get it loosened and finally gave up and flew to a nearby limb and sat looking at the string, finally a robin flew into the tree and spying the string tried to remove it and in some manner the noose got fastened around its neck and the weight of the bird choked it to death. Now the gentleman that told us this story was undecided whether the robin met its death accidentally, committed suicide or whether the jay fixed the string as a trap to kill the robin. What do you think about it?

LADIES TO HELP

The ladies of the Tuesday Club have promised the Mayor that they will assist him in seeing that our city is properly cleaned up on the two days May 11th and 12th, set apart for that purpose. Gather up the trash that will burn and destroy it, put all other refuse in boxes and barrels, and the wagons will carry it away but do not pile trash up as it will not be moved unless boxed. If for no other reason, as a matter of pride clean up your premises, whitewash that old fence and help make Mt. Sterling a clean, sanitary city. Won't you do your part? We have faith enough in you to believe you will.

ART EXHIBITION

The "Palette and Chisel Club," of Chicago, has sent out a collection of 40 pictures. They are now on display in Lexington, and will be brought to Mt. Sterling, under the auspices of the Tuesday Club, May 5th and 6th, to be shown at the Parish House, of the Presbyterian church. Open afternoons 2 to 6; night 7 to 9. In this collection by American artists are pictures of Wilson Irvine, who has just been awarded the Medal of Honor, the highest distinction given in the Chicago Art Institute. Four others in the Gallery have been awarded medals of distinction. The public are cordially invited. Exhibition free.

FISCAL COURT

As we go to press the Fiscal Court is in session. The county levy of sixty cents on the hundred dollars, a poll tax of \$1.50 and a school levy of twenty cents on the hundred dollars and a poll tax of \$1.00 (the school levy not to apply to the persons or property of white citizens living in Mt. Sterling) was adopted. This is the same as last year. Claims for the past month were allowed and bids of various machinery concerns were being considered. We are informed the court is considering the purchase or renting of another roller, so that work can proceed on two roads at the same time. As it now is we only have one roller and it is impossible to secure it all the places where needed.

ACCEPTS POSITION

Miss Lucy Randal has accepted a position as subscription solicitor and collector for this paper. Miss Randal is a bright energetic young woman and we feel sure will prove a valuable acquisition to the Advocate's force.

MAYOR'S PROCLAMATION

As Mayor of the City of Mt. Sterling, I hereby designate Thursday, May 11th, and Friday, May 12th, as Clean Up Days for the City of Mt. Sterling and call on all citizens to do all in their power to assist the street cleaning department in this work.

Be sure and put all refuse in boxes or barrels or same will not be moved and those who dump refuse on the streets will be reported and fined. An inspection will be made and those who have left their places in an insanitary condition will be prosecuted.

On these days work with the Street Cleaning Department to clean pavements, back yards and alleys.

Gather all refuse in barrels and boxes May 10th in time for the collection.

Assist the men on the wagons to collect the refuse.

Everything that will burn must be burned.

All hogs must be out of the city.

Put Mt. Sterling in the class with the cleanest cities in the country.

REMEMBER THE DATES

This excellent work has my hearty endorsement and should receive due encouragement from every citizen of Mt. Sterling.

DIES AT AGE OF 107

Old "aunt" Marguerite Williams, aged 107 years, died at her home in this county Sunday after an illness of only a few weeks. Her body was taken to Sharpsburg for burial. She is survived by three daughters and two sons, all of whom are well along in years. Her two sons are both old soldiers and are drawing pensions. She had a daughter to die a couple of years ago that was past 81 years of age at the time of her death. Up until a few weeks ago she was very active and only last summer could be seen working in her garden and often walked to this city from her little home in Smithville, a suburb of Mt. Sterling.

MR. HENRY DUFF DEAD

Mr. Henry Duff, aged 61 years, a son of the late Alexander Duff, was found dead in bed Thursday morning, death having occurred some time during the night from heart trouble. Mr. Duff was in his usual health when he retired and his death was quite a shock to his relatives and friends. He was whole-souled, kind-hearted gentleman with many friends. He is survived by quite a large number of relatives. Funeral services were conducted at the residence by Rev. J. S. Wilson with burial in the family burial ground. The Advocate extends sympathy to the bereaved family.

MILLIONS TO BE SPENT FOR BETTER ROADS

Kentucky, under the state aid plan, will spend approximately \$4,000,000 on road improvement this year, exclusive of what the counties will spend in order to secure the state's assistance. Of 120 counties, 103 have asked for state aid and twenty-five have their work under way. Three counties have made application for convict labor.

W. C. T. U. NOTES

"I am convinced that the time has come for us to take our stand with Montana, Colorado and other neighboring states on the prohibition question."—Governor Hendrick of Wyoming.

According to Governor Glenn, of North Carolina, that State spent \$2,000,000 for educational purposes the year before it voted out the saloon. Last year it spent \$7,000,000.

Not a murder in Denver since the prohibitory law went into effect.

Seattle, with its 60 saloons, averaged 2,600 arrests a month. In the month of January, without a saloon, Seattle had 400 arrests and many of these were hangers from the old year.

"While there are many good men who drink temperately, there is only one safe course for the young man who would master his soul, and that is to abstain from all intoxicating drinks."—Joseph Daniels, Secretary of the Navy.

"Under present conditions," says George U. Young, Mayor of Phoenix, Arizona, "all fair-minded citizens are glad that no open saloons exist in Arizona, no matter what might occur in Mexico, but if liquor be secured, there would undoubtedly be more than one local disturbance, and all started by either some Mexican or American under the influence of liquor."

The liquor people assume that if a man does not spend a dollar for whiskey he will throw that dollar into the sewer. As a matter of fact, he will spend it for some useful commodity, the production of which will give men more work, more wages, and the community greater prosperity. The return of the savings' banks deposit in Russia show an increase of \$900,000,000 since the prohibition of the sale of vodka.

KILLED BY UNKNOWN PERSON

Miss Lula Blanton was killed when an automobile in which she was riding was halted late Saturday night between Fleming and Neon in Letcher county, by a man who walked close to the car, took aim and fired. James Thompson, who has been attentive to Miss Blanton and was with her earlier in the evening, is under arrest at Whitesburg to await an examining trial.

The virtues grow about the home. They cluster, bloom and shed their perfume around the fireside. Love, husband, wife, father, mother, child and home—without those words the world would be a barren wilderness, and men and women but brutish beasts.

We know from sad experience that it is very inconvenient to be poor, but no man is poor who has a happy home and it does not require lace curtains or velvet carpets to make a home happy.

Opportunity is insistently knocking, but you will have to open the door yourself.

A THANKFUL SOUL

I take life just as I find it.
If it's hot I never mind it;
Hunt around for shady trees
An' just whistle up a breeze!
If it's snowin'—why I go
Jest a-skimmin' 'cross the snow!
(Ever try how good it feels
In a wagon off the wheels?)
Spring or winter, summer, fall,
I'm just thankful fer 'em all!

Folks say this world's full o' strife;
That jest livens up my life!
When the good Lord made it He
Done the best fer you an' me,—
Saw the sky had too much blue,
An' rolled up a cloud or two.
Give us light to sow an' reap,
Then throwed in the dark fer sleep.
Every single drop o' dew
Twinkles on a rose fer you.

Tell you! this world's full o' light,—
Sun by day an' stars by night,
Sometimes sorrow comes along,
But it's all mixed up with song.
Folks that always make complaint
They ain't healthy—that they ain't!
Some would jest live with the chills
If it warn't fer doctors' bills!
Always findin' fault with things,—
Kill a bird because it sings.

I take life just as I find it,—
Hot or cold, never mind it.
If it's a sunshiny day
That's my time for makin' hay;
If it's rainin' fills my wish,—
Makes the lakes jest right fer fish.
When the snow falls white as foam,
Then I track the rabbits home,
Spring or winter, summer, fall,
I'm jest thankful fer 'em all!

MR. HENRY HIBLER DEAD

Mr. Henry P. Hibler, well known contractor and highly respected Bourbon county citizen, died at his home in Paris last week after a short illness of pneumonia. The funeral and burial occurred in Paris. Mr. Hibler was about forty-seven years old and is survived by his wife, his aged mother and two brothers, Messrs. Harvey and Bishop Hibler, both of Paris. He was a brother of the late W. F. Hibler, of this city and was an uncle of Mrs. Henry P. Reid, of Mt. Sterling. His mother, Mrs. Mary E. Hibler, has been quite ill for some time and fears are entertained that her son's death will effect her condition. Mr. Hibler had many friends in this section who learn of his death with deepest regret.

TALLER IN MORNING

Men are taller in the morning than in the evening, medical examiners for the United States Marine Corps declare, and the applicant for enlistment who is of medium or small stature has a better chance just after breakfast to meet the height requirements than at any other time during the day.

The discs of cartilage between the vertebrae of the backbone yield considerably to the pressure due to the weight of the body when it is erect, and expand themselves while the body is in a recumbent position.

This effect may amount to as much as half an inch in the case of a heavy man of, say 5 ft. 10 in. in height, according to the Marine Corps medical examiners.

Pin your faith to some people and they will use the pin to stick you.

IS YOUR MIND YOUR OWN?

We often hear people make the remark, "I have a mind of my own."

Literally speaking, yes. But otherwise, NO

We can demonstrate the truth of the latter statement by referring to your own actions, by the actions of your friends, and neighbors, by the actions of the public in general.

No man has a mind wholly and absolutely his own in the generally accepted sense of the word. No man forms his conclusions entirely from his own observations and reflections, though many sincerely believe that they do.

One simple illustration is sufficient to prove the correctness of our contention.

Mr. Nameless is one of our citizens who "has a mind of his own." At least he says he has, and he really believes what he says.

He walks along our streets day by day. Glaring defects in our municipal system stare him in the face. He sees them not—or seeing them, fails to heed them. His mind is not concerned.

Another citizen comes along, points them out, starts an agitation that grows, and Mr. Nameless comes to life and joins the throng

with lusty shouts for improvement —AFTER the other fellow has done the work.

If Mr. Nameless really "had a mind of his own" the agitation would have no effect whatever upon that mind.

But he hasn't. His mind is just like the minds of all of the rest of us—just like the mind of every human being—it can be influenced and swayed by other minds, just as readily as the work of his mind can influence the minds of other people.

The articles we read, the words we hear, our conversations of everyday life all have a direct and a powerful influence over our own minds, often diverting our convictions and ideas into wholly different channels from those formerly used.

A mind that is worth having is always susceptible to change, to conviction, to revision superinduced by the wisdom emanating from other minds.

A mind that is wholly its own is no mind at all.

What the Engineers are Doing

THIRTY thousand American engineers are making a card index survey of American industry so that it may be prepared for its vital part in defending the Country, if need comes. The past eighteen months have taught us here in America what lack of industrial preparedness has meant to some of the countries now at war. These nations had the ships and they had the men; but when the hour struck, their factories were not able to furnish the colors with arms and shells and powder. Their factories were not prepared. And our factories are not prepared.

But it is not enough to draw a moral. In the United States five great Engineering Societies—Civil, Mining, Mechanical, Electrical and Chemical—have pledged their services to the Government of the United States, and are already working hand in hand with the Government to prepare industry for the national defense. They receive no pay and will accept no pay. All they seek is opportunity to serve their country, that she may have her industries mobilized for defense.

All elements of the nation's life—the manufacturers, the business men, and the workmen—should support this patriotic and democratic work of the engineers, and assist them cheerfully when asked. There can be no better national insurance against war.

The Associated Advertising Clubs of the World, representing all advertising interests have offered their free and hearty service to the President of the United States, in close co-operation with these five Engineering Societies, to the end that the Country may know what the Engineers are doing. The President has accepted the offer. The Engineers have welcomed the co-operation.

This advertisement, published without cost to the United States, is the first in a nation-wide series to call the country to the duty of co-operating promptly and fully with the Engineers.

In offering the public the services of Ralls' King Emerald, I do so confident that he is as well bred and as superb an individual as any stallion registered in the American Saddle Horse Breeders' Association. He is by the undefeated show horse, Golden King, who is the only saddle stallion who breeds better than himself. The dam of Ralls' King Emerald is by Emerald Chief, winner of the World's Fair Prize, St. Louis. His second dam is by Wilson's King, out of a Kentucky Chief mare, and as a perfect specimen of horse flesh she stands out unrivaled among brood mares. He is a Golden Chestnut, 16 hands high, weighs 1235 pounds and goes beautifully all the gait. He trots as few horses can trot. He has a natural springy, elastic, flat footed walk, which characterizes the Golden Kings. His bone, his substance, his finish will add to the value of any mare mated with him.

HOME-COMING WEEK

The Central and Eastern Kentucky Homecoming celebrations will be held in at least ten cities of the Blue Grass during the week of August 7th, according to plans formulated at a meeting of representatives of the commercial organizations of the cities of Kentucky held at Lexington last week. There was considerable discussion as to the most suitable date on which to hold the celebration, but it finally was decided to begin the entertainments during the first part of August.

At the meeting in Lexington, at which representatives from Frankfort, Mt. Sterling, Winchester, Lancaster, Georgetown, Stanford, Richmond, Somerset, Paris, Lexington and Clay City participated, a permanent organization, to be known as the Central and Eastern Homecoming Committee, was effected with Secretary H. L. Burch, of the Lexington Board of Commerce, as president, and Joseph Leopold, of the Frankfort Chamber of Commerce, as secretary.

Invitations will be sent to all of Kentucky's absent sons and daughters and an effort will be made to have all former residents return to the Blue Grass during the celebration. The Chamber of Commerce will have charge of the sending out of all information regarding the homecoming to the persons who have left this state.

According to estimates of the railroad companies, about 600,000 former residents returned to their native state during the Kentucky Homecoming held about ten years ago. It is expected that the great majority of the old inhabitants who have wandered to all parts of the globe, will return for the celebration.

Special entertainments will be given in each of the towns represented in the homecoming celebration, though Lexington will be regarded as the center of operations.

MADE IN AMERICA

Made in America, this is the cry; Made where the eagles of liberty fly;

Made where the standard of living is high.

Made in America! this is the call; Made under a freedom, not under a thrill;

Made where the schools are wide open for all.

Made in America, this is the sign; Made where the labor is sturdy and fine,

Made with a smile, not a soul-weary whine.

Made in America, think what it means!

Made where no slav'ry darkens the scene

Where workers are kings and the women are queens.

Why is it that we so easily forget that the little things in life are what make it easy or hard? A few pleasant words, a warm hand clasp, a cordial letter, are simple things, but they are mighty in their influence on the lives of those about us, adding a ray of hope to many disconsolate hearts, giving a bit of courage to disappointed, weary ones and helping to make our own lives sweeter at the same time.

BIG FIRE AT OWENSBORO

Damage estimated at \$40,000 was suffered in Owensboro Thursday night when two business houses were burned and two flooded in an effort to control the flames. Four firemen were injured when the roof on which they were standing fell in.

Most good men have had good mothers.

MOTHER'S DAY

The second Sunday in May is Mother's Day. This year it falls on May 14th. The beautiful thought of setting aside one day in the year to be particularly devoted to one's mother was first suggested by Miss Alma Jarvis, of Philadelphia, who founded the Mother's Day International Association to provide the necessary support for the fostering of the movement. Thanks largely to her efforts, Mother's Day has become a recognized institution as the day on which each of us should pause to acknowledge our debt of affection and gratitude to "the best mother who ever lived," on which we should be with her if we can, and, if we unfortunately can not, should make a point of sending her a message of affection and cheer.

In co-operation with the effort to foster the observance of Mother's Day, the Western Union Telegraph Company has provided special telegraph blanks, appropriately decorated with an artistic design of carnations and bearing the legend "Mother's Day," on which all messages of those who wish to send a word of greeting to their mothers on that occasion, by day letter or night letter or in a short telegram, will be delivered.

The emblem of the day is the white carnation, and it is the hope of the Mother's Day Association that it will be worn by every one as a tribute of respect, not only for one's own mother, but also for all the gentle and noble motherhood of the land.

LUCKY AND UNLUCKY THINGS

"Lucky" and "unlucky" have come to be applied to gathering blossoms, to horseshoes, to the color of hair, to your manner of "saying things"—in a word, to every possible event in life. It is unlucky to "have a dead blossom;" it is unlucky to go with your "shoe laces untied"—the latter we naturally believe; it is unlucky to bring "hawthorn blossoms within the house;" it is lucky to hear the cricket."

The latter is, of course, supposed to bring luck into the house.

Very lucky it is to find a spider on your clothes; it is called a money-spinner in many parts of the country.

Feather beds should not be turned on a Sunday. If your teeth grow widely apart you will be a traveler. If you have a mole on your back you will have money by the sack. On the other hand, a mole at the base of the neck shows that "you will be hanged."

Caesar, Napoleon, Bismarck and others were not above the superstition of "lucky" and "unlucky" days. Thursday was the "unlucky" day of Henry VIII., of his son Edward, and of his daughters, Mary and Elizabeth. Isn't it strange that they all should have died upon this day? But it is a fact.

Anyhow, what is luck?—Answers.

AWAY WITH THE MORNING

You may live with a dream.
But life-prices are high;
A shelter to house you
And bread to buy.
Gold for the living and gold to die,
Then it's up and away with the morning!

You may live with a dream—
And a dream is sweet,
But breathes not a blessing
O'er bread and meat;
The wolf hunger hath fleet, far feet,
Then it's up and away with the morning!

SEASON 1916

STERLING CHIEF 2079

In order to co-operate with those who own good mares but do not like to go beyond fifteen dollars for a season, I have decided to reduce the fee of my horse to that amount, hoping that you will not let that reasonable fee keep you from believing that he is the equal of any horse standing on Kentucky soil, first as to ancestry, second as to the horse himself and third as to the kind of stuff he is producing.

ANCESTRY

Sterling Chief 2079 is by Bourbon Chief 976, whose standing and achievements in the saddle horse world are so well known that it is not necessary to dwell upon it here. First dam is by Forrest Denmark 153, who sired fifty-two colts that sold for an average of \$850 each. Probably no horse in saddle horse history has turned out more high-class horses. Second dam was by Blue Jeans 3. This second dam was a full sister to Roscoe who sired, during three years in this county, 8 colts that sold for an average of \$1250. He, himself, sold for \$1800.

WHAT HE IS

Color a rich dark chestnut, two feet white and star, 15.3½ hands high, weight 1150 pounds. A horse of size and substance. Has best of bone and foot. Motion is absolutely true and straight and I have never had him in company with horse or mare that could throw dust in his face. Action is perfectly balanced in slow gait, walk, trot, rack and canter. Disposition could not be better. Is a perfect natural tailed horse, this feature of importance to breeders, has never been worked upon in any way, and he imparts it along with his other good traits to his offspring. He has the finish, type and conformation that a stock horse should have.

HIS PRODUCE

He is the sire of Thornton Chief that sold under the hammer recently for \$1500, being the sire of the famous mare, Eloise Thornton, winner of first premium in \$6000 Pacific Coast Gaited Saddle Horse Futurity at Panama Pacific Exposition. This same mare won first premium in weanling form in Missouri Saddle Horse Futurity, Missouri State Fair. Thornton Chief won first premium in champion saddle class at Springfield. Sterling Chief is the sire of Pierpont, winner of first premium which was \$1000, in the most important class at the First International Live Stock Exposition, held at Havana, Cuba. Pierpont sold for \$1000 thus paying for himself at one show. Sterling Chief is the sire of Sterling Duke, the gelding that sold for \$2500; winner of first premium at Springfield, O., Horse Show, also first at Rochester Industrial Exposition. Sterling Chief is the sire of Angelus Butterfly (Bob Lloyd mare) winner of first premium State Fair Stakes at California State Fair. Sterling Chief is the sire of Greenbrier Lady, winner of Sweepstake Gaited Class also Fine Harness Class at Fairfield, Iowa, recently. He is the sire of Royal Chief Denmark, that sold for \$1000; of W. C. P., that sold for \$1000; Sterling Bourbon the gelding that sold for \$1300; the Turkey gelding that sold for \$1200; the mare Iola, that sold for \$800; Tobacco that sold for \$500 as a weanling, etc.

His colts make excellent business horses, having intelligence, being easily trained and taking to the gait readily.

IMPORTANT DECISION

Road bond elections may be held at the regular election, said the Court of Appeals last week, reversing the Campbell Circuit Court in the case of Frank Houston against County Judge J. E. Boltz and the Fiscal Court, seeking a mandatory injunction to require the Fiscal Court to issue \$100,000 in road bonds and \$150,000 in bonds for the purpose of turnpikes. Neither received two-thirds of the votes cast. The court held that the road bonds required only a majority and the Fiscal Court has no discretion to refuse to issue bonds, but must do so when the people have voted them. The bonds to purchase turnpikes, however, require two-thirds of all the votes necessary to carry, and this issue, therefore, was defeated. The latter would also carry a twenty-five-cent levy, which is inconsistent with the action of the Constitution authorizing road bond issues. This limits the levy to twenty cents, and the court said no further levy can be made until the purpose of the levy, the retirement of the bonds, has been accomplished.

R. C. TODD is a handsome brown horse, 16 hands high and weighs 1150 pounds. He was sired by Todd 2:14¾, dam Allie Tee. Todd was by Bingen and out of Fanella. Allie Tee was by Umpire S. and out of Cynthia Wilkes. You can see from his breeding that there is no better bred stallion anywhere. Good judges have pronounced him the handsomest Todd stallion living as well as one of the speediest. He can trot quarters in 30 seconds. In breeding to him you breed to a horse of splendid blood and one that possesses speed, size, endurance and style.

Stoops.

(By B. M. Gooden)

May 1st finds a very small acreage of corn planted.

Meadows and oats are making slow growth, though looking well.

Leonard Roberson has returned to his home at Lexington after a visit to his father, J. T. Roberson.

The past few days has caused many cases of "spring fever," or something like it, to develop in our town.

Chas. Carr left last week to spend several weeks in the vicinity of Owingsville.

Reuben Warner and family, of Rothwell, stopped over last week to visit relatives, enroute to Middletown, O.

The congregation at Springfield were deeply pained when the news was flashed that Dr. Edward O. Guerrant had answered the final summons. Dr. Guerrant always held a warm place in his heart for old Springfield, and never failed to come back once or twice each year and preach there. Many a heart is sad today that this beloved voice is still.

Mrs. Rothwell and children, of Covington, came Saturday to visit the family of Jesse Pendleton.

Mrs. Bert Carl and children attended the funeral of Mrs. Carl's mother, Mrs. Sarah E. Bryant, who died at her home in Midway Tuesday of last week.

Wednesday afternoon a wagon overturned with Jason Richardson, little son of George Richardson. In falling Jason's face struck a snag, tearing an ugly gash over the right eye.

The Stoops ball team journeyed to Howard's Mill Sunday afternoon,

where a hot game was played with the team at that place. The score was Howard's Mill 6, Stoops 4.

Hart & Bridgforth weighed up Monday to Thos. M. Greene, 75 head of 225-pound hogs at \$8.00 per hundred. The sale was made some time ago.

Robt. Payne will leave this week for Crawfordsville, Ind., to be gone several weeks.

Thos. Pendleton and wife, of Sideview, were visitors here Saturday and Sunday.

The Misses Taylor, of near Sharpsburg, were guests of Jas. I. Spratt and wife Saturday and Sunday.

Frank Collins and wife, of North Middletown, passed by Saturday, enroute to Owingsville, to visit Mr. Collin's parents.

Levee.

(By Mrs. Sherman See.)

Ernest Gillaspie, of this place, who has been sick for some time is about the same.

Vivian Faulkner will soon move to the Ware place he recently bought from Lee Bush and wife.

Dr. See bought a fine cow last week for which he gave \$75.

George Holmes, of Clifty, who has been sick for some time will leave this week with his family for the West. We are sorry to see such good people leave the county, but hope they will be well satisfied and he gain his health again. His father will accompany them.

Brother Adams, of this place, preached to a large crowd at Macedonia church Sunday.

Brother Wilson, of Mt. Sterling, still holds meeting at Gilead church twice a month, and has a Sunday school organized there.

Mr. Rufus Hadden, of Mt. Sterling, visited his son, Harry, and wife, of this place, Sunday.

COUNTY HIGH SCHOOL NOTES

(By Breckinridge Horton.)

Rev. J. S. Wilson, pastor of the Baptist church, will deliver the baccalaureate sermon for the graduating class at the Presbyterian church on Sunday evening, May 14, 1916.

Messrs. Courtney Horton, of this city, and Stanley Harris, of Lexington, called on Prof. Goodwin last week in regard to Y. M. C. A. business matters.

It is reported that an alumni association will be organized in this institution sometime near the close of school. This year, for a beginning, the Junior class will be permitted to enter. There will soon be eleven graduates, and these with fifteen Juniors will make a good number to begin with.

The Senior Class has extended a card of thanks to the Montgomery County School Board for their grateful financial assistance for the musical part of the commencement exercises. Mrs. Burbridge is having splendid success with the chorus.

The Junior Class has ordered class pins from a Louisville firm. The sample which was on exhibition a few days ago was indeed a very beautiful design.

The invitations of the graduates will soon be in the mails. Uncle Sam will certainly find a ready sale for one-cent stamps this week.

The Black and Old Gold Literary Society met for the last time last Friday. Misses Fannie Carr, Ida H. Jones, Mary Elizabeth Coons, Leota Henderson, Alma Cox, Laura Bramlett, and Mabel Leach, and Messrs. Clifton McCormick and William Pangburn were visitors. Miss Cox favored us with a vocal solo which all appreciated very much.

An attempt will soon be made to organize a corn club in connection with the pig club this season. The Pig Club members are securing their pigs, and everything ap-

pears promising for a successful season this year.

Our school will close next week, the final examinations beginning Tuesday. We who have been advocating "preparedness" are ready for the test of that siege of mathematics, science, etc.

Our stock of meats is complete, both fresh and cured.

Sanitary Meat Market.

THE LABOR SITUATION

May day found the labor situation rather chaotic in the Eastern states, but tranquil in the Middle West. In New York an analysis shows between 50,000 and 60,000 workmen and women are on strike or locked out, while disturbances are threatened which may throw thousands more out of employment. The situations in Kentucky, Indiana, Ohio and other Middle Western states is declared to be the most promising in years.

WAREHOUSEMEN GET TOGETHER AT LEXINGTON

The Warehousemen of Lexington at a meeting last week formed a company to take over all the large warehouses of that city and agreed to close the small ones. This was done as the warehousemen realized that the facilities were more than were needed and the consolidation will make the handling of tobacco cost less.

OF LOCAL INTEREST

The following advertisement appeared one hundred years ago in the Kentucky Gazette, then published at Lexington, Ky.: "For Sale. Any quantity of salt of superior quality at our lick, three and one-half miles southeast of Mt. Sterling. William Ellis & Brother." Hon. Joseph C. Breckinridge, in the same issue, announced himself as a candidate for the legislature.
